MEMORANDUM FOR: Deputy Director for Administration

FROM: John M. Ray
Director of Logistics

SUBJECT: D/OIT and D/OL Meeting Concerning
the New Headquarters Building

25X1 1. Ed Maloney and I and our staffs met briefly last week to review a series of Office of Information Technology (OIT) changes to the New Headquarters Building (NHB). The Office of Logistics has agreed to accommodate some 14 requested changes and is in the process of initiating A&E design efforts to incorporate them. These changes will not affect the NHB construction schedule. [REDACTED]

25X1 2. The principal difference Ed and I had concerned the funding of some \$1 million for 415 Hertz power for his 3090 mainframe computers. Ed has now agreed that OIT is responsible for funding both the purchase and installation of these 3090-unique power sources. [REDACTED]
